

CPR

CORPORATE
LEADERSHIP
AWARD DINNER
June 3, 2021

2021 HONOREE

THOMAS M. MORIARTY

*Executive Vice President, Chief Policy
and External Affairs Officer, and General Counsel*

Thomas M. Moriarty is an accomplished business strategy, legal and policy executive who has held leadership positions at some of the largest and most innovative health care companies in the country. In his current role at CVS Health, a Fortune 5 company with the mission of helping people on their path to better health, he is responsible for the brand and reputation strategy for the company in leading the external affairs function, which includes the corporate communications, policy and government affairs teams, as well as leading the legal and regulatory departments.

Mr. Moriarty has established himself as a trusted advisor within the company and is committed to evolving CVS Health's role in the health care industry to make health care more accessible and affordable, and to deliver better outcomes for patients in the process. Leveraging the capabilities of his teams across the organization, he is consistently able to bring together the sometimes conflicting forces of law, policy, regulation and public opinion to create a unified strategy that advances the business on multiple levels.

Since joining CVS Health in 2012 as General Counsel, Mr. Moriarty has taken on a number of additional responsibilities that have supported the significant growth and development of the organization.

Mr. Moriarty has served as CVS Health's Chief Strategy Officer, developing and executing the expansion of the company's health care services beyond pharmacy and ultimately leading to the acquisition of Fortune 50 health insurer Aetna in 2018. Over the three years that he held this role, the company successfully acquired and integrated five publicly traded and privately held companies, including the strategy that led to the creation of Red Oak Sourcing, the global generics sourcing venture with Cardinal Health and largest sourcing entity of generic products in the United States. During this same period, Mr. Moriarty also served as Chairman of Red Oak Sourcing, where he was responsible for the development of a long-term strategic plan to differentiate Red Oak with generic suppliers globally. Additionally, Mr. Moriarty led the Global Pharmaceutical Strategies group, as well as the Retail Networks team.

Mr. Moriarty received his law degree from the University of Virginia School of Law and his undergraduate degree from Lafayette College.

ABOUT CPR

Established in 1977, CPR is an independent nonprofit organization that promotes the prevention and more efficient and effective resolution of conflict to better enable business purpose.

The **CPR Institute** drives a global prevention and dispute resolution culture through the **thought leadership** of its diverse member companies, leading mediators and arbitrators, law firms, lawyers, and academics. It **convenes** Committees to **share** practices and develop innovative tools. It **hosts** global and regional events to connect thought leaders on dispute prevention and resolution. It **publishes** a monthly journal on related topics and **advocates** for expanding the capacity for dispute prevention and resolution globally.

CPR Dispute Resolution provides leading edge **dispute management services** – mediation, arbitration, early neutral dispute review boards and others – as well as **training and educating** on these services and **dispute prevention and resolution** more generally. It is uniquely positioned to resolve disputes by leveraging the resources generated by the ADR leaders who participate in the CPR Institute. It has deep experience in dispute resolution, a deep bench of **Distinguished Neutrals** spanning the globe, and deep expertise across a variety of subject areas.
