CPR's industry-specific committees analyze dispute resolution challenges, recommend global best practices and publish materials on issues at the forefront of legal debate. The balanced perspectives of these committees provide a unique platform for analyzing the latest developments, both legal and practical, in all manner of dispute resolution. Committees meet regularly to analyze trends and develop projects relevant to their practice areas.

The Arbitration Committee is a resource for corporate counsel, lawyers, academics and practitioners seeking rigorous analysis of issues related to improving the quality of domestic and international arbitration.
