International Institute for  
Conflict Prevention & Resolution

One of CPR's greatest strengths is the work produced by its members. CPR's Advisory Council spearheads CPR's innovation, acting as an incubator and sounding board for CPR projects. CPR's industry-specific committees analyze dispute resolution challenges, recommend global best practices and publish materials on issues at the forefront of legal debate. The balanced perspectives of these committees provide a unique platform for analyzing the latest developments, both legal and practical, in all manner of dispute resolution. Committees meet regularly to analyze trends and develop projects relevant to their practice areas.

IP Committee Co-Chairs are **William Honaker** of **Dickinson Wright PLLC** and **Michael Timmons** of **Johnson & Johnson**.

# INTELLECTUAL PROPERTY DISPUTES

Many businesses depend on intellectual property as their lifeblood. Some IP disputes are amenable to non-judicial resolution, potentially saving costly commercial disruption. The Intellectual Property Disputes Committee works to discern where and how ADR is best deployed in relationships concerning patent, trademark, copyright and know-how.

If you would like to join this committee, contact [David Burt](#).

*Committee participation is open to  
CPR Members and Neutrals (by  
invitation) only.*
